Automate the Student Visa Process
with Immigration Manager

Are you struggling with the intricacies of Child Student visa sponsorship? Concerned about parents not getting the right information, tracking progress and visa applications being refused?

Immigration Manager is a fully automated online system designed to help schools and parents manage the Child Student sponsorship and visa application process.
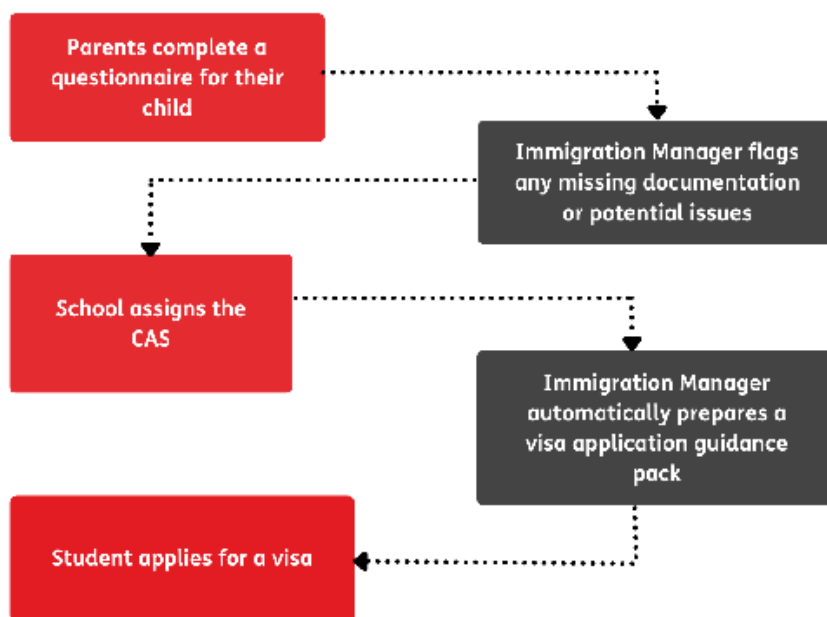

Produced by VWV's leading immigration lawyers, Immigration Manager:

✔ helps schools **comply with their duties** as Child Student sponsors and maintain oversight of the sponsorship process

✔ **saves schools valuable time** and resources by streamlining communications with families and **securely storing** documents all in one place

✔ automatically produces a **visa application pack** - including template consent letters - to guide students and parents through the visa application process

Immigration Manager is brought to you by pupil recruitment specialists RSAdmissions, in partnership with VWV's immigration lawyers.

How does it work?

Parents complete a questionnaire for their child

Immigration Manager flags any missing documentation or potential issues

School assigns the CAS

Immigration Manager automatically prepares a visa application guidance pack

Student applies for a visa

Tom Brett Young
VWV Immigration Partner

I know the student visa application process can be arduous for both schools and parents.

*Immigration Manager offers an **efficient, automated system** which streamlines document management, ensures schools remain compliant with immigration law, and guides students and parents through every step of the process.*
