

Enhance your staff training using eLearning Solutions

Pick and choose the best options for your school

✓ eLearning written by legal experts

Don't overload staff with training - focus on the key compliance areas. Select training from a **range of courses** designed by our legal experts:

- KCSIE - tailored courses for different staff workgroups
- Data Protection Essentials
- Information Security
- Employment Law for Managers

Others include Health & Safety, Staff Code of Conduct, Staff Equality & Diversity and Whistleblowing.

✓ Build your own learning

Our user-friendly platform enables you to upload video content, images and pdf documents and easily add questions to create your own learning courses.

✓ Be confident staff have read policies

Our software can easily distribute policies for staff to read, enable you to set deadlines and reminders, track their progress online and evidence learning in reporting so you don't have to.

✓ Keep on top of policy review dates

Use the platform to set due dates, allocate a reviewer, automate reminders and view forthcoming and overdue reviews at a glance using helpful dashboard.
