

Enhance your staff training using eLearning Solutions

Pick and choose the best options for your organisation

✓ eLearning written by legal experts

Select training from a range of courses designed by our legal experts:

Data Protection Essentials

Train staff on how to spot a data breach and easily evidence that learning.

HR & Employment Law for Managers

Designed to help your HR team upskill your line managers and deal with day to day issues they may face.

Coming soon - Staff Equality & Diversity and Staff Code of Conduct eLearning.

✓ Build your own learning

Our user-friendly platform enables you to upload video content, images and pdf documents and easily add questions to create your own learning.

✓ Be confident staff have read policies

Our software can easily distribute policies for staff to read, enable you to set deadlines and reminders, track their progress online and evidence learning in reporting so you don't have to.

✓ Keep on top of policy review dates

Use the platform to set due dates, allocate a reviewer, automate reminders and view forthcoming and overdue reviews at a glance using helpful dashboard.
